

04/09/2006 - PROEL at PLASA Show

04/09/2006 – PROEL 參加英國倫敦
PLASA Show

Everything is set to PROEL once again exhibit at PLASA SHOW, the international event attracting buyers and specifiers within the entertainment, event, corporate, architectural and installation industries, held in London from 10th to 13th September.

PROEL will be showing a plethora of new gear this year, with a lot of attention being drawn by the new and highly compact Sound Processor line of DSP units.

Also on the Proel stand will be the Neos portable PA system, which has top sound quality anybody would insist upon, as well as compact, lightweight construction.

Lighting division will introduce many new fixtures such as the Bug Tube ACL moving head, and the Bug Tube Multipar moving head.

To find more, come to visit PROEL – The City of music – at forthcoming PLASA Show - booth J60, hall 1.
